

Integrated Spaceflight 2015 Flight Opportunities Program Price List

Integrated Spaceflight's 2015 prices for research and educational flight services through NASA's Flight Opportunities program are listed below. Proposers will need to request a formal quote and a letter of intent from Integrated Spaceflight to support their proposal.

Parabolas	15	30	60	120	180
Integration Support	Basic	Basic	Standard	Standard	Standard
FOP Package	\$20K	\$32K	\$62K	\$105K	\$145K
Additional Flight Participant	\$3K	\$6K	\$12K	\$24K	\$36K
Additional 50kg	\$1.5K	\$3K	\$6K	\$12K	\$18K

- Basic Integration services include all support for payloads that can be enclosed in a standard Integrated Spaceflight fly-away box. To upgrade to 'Standard' integration services, add \$7500.
- Standard integration services support unique payloads needing FAA flight qualification. These payloads typically interface with the aircraft by bolting to the floor.
